Our websites **BALANCE** the nature of your surroundings
with the rhythm of your people

An artist must possess Nature.
He must identify himself
with her rhythm ...
- Henri Matisse

Our websites **BALANCE** colors with sensation

I simply try to put down colors
which render my sensation.
- Henri Matisse

Our websites **BALANCE** the formal education of
people with the visual culture of the times

my whole life has been a balance between
classical formal education - both in terms
of the tools of a medium and the history
and philosophy of art - and its resonance
in the visual culture of our daily lives.
- Don Ed Hardy
